

For: All STO Employees

Submitting Bankruptcy Cases to the State Office and OGC

Approved by: State Executive Director

1 Overview

A Background

According to FSA procedure, County Offices should contact OGC thru the State Office before taking any action after being notified that a producer has filed a petition for bankruptcy. Bankruptcy involves many complex legal issues to which generalized statements of definitions do not apply, which is why it is necessary to seek legal advice.

B Purpose

The purpose of this notice is to instruct County Offices of the documentation necessary to timely submit bankruptcy cases and/or any other legal cases, involving Farm Programs (FP), to OGC for legal advice.

2 Information

County Offices should not, without legal advice, take any action after being notified that a person has filed a petition for bankruptcy. **Do not, without OGC advice:**

- request or require debt repayment
(Do not send demand letters, request payment by phone, etc....)
- make any payment directly to the producer
- offset any payment due the bankrupt producer
(Notify the State Office immediately of payments due and await advice from OGC)

Producers involved in Bankruptcy are also ineligible to have their claims reported to credit bureaus.
